The MARYLAND GAZETTE.

[XIXth Year.] THURSDAY, April 12, 1764. [N°. 988.]

WHITEHALL, January 14.

HIS most Serene Highneſs the Hereditary Prince of Brunſwick Lunenburgh, having ſailed from Helvoetſluys, on board his Majeſty's Yacht the Princeſs Auguſta, on Tueſday laſt, the 10th Inſt. landed at Harwich the 12th, in the Morning, and arrived laſt Night at Somerſet Houſe.

St. James's. This Day his moſt Serene Highneſs the Hereditary Prince of Brunſwick Lunenburgh waited on their Majeſties and the reſt of the Royal Family.

Lord Chamberlain's Office. The Marriage of her Royal Highneſs the Princeſs Auguſta, with his moſt Serene Highneſs the Hereditary Prince of Brunſwick Lunenburgh, is appointed to be ſolemnized at St. James's, on Monday next, the 16th Inſt. at 7 o'Clock in the Evening; at which time none but Peers and Peereſſes, Peers eldeſt Sons and Peers Daughters, Privy Counſellors, and their Wives, and Foreign Miniſters, are to be admitted.

St. James's, Jan. 16. This Evening the Ceremony of the Marriage of her Royal Highneſs the Princeſs Auguſta with his moſt Serene Highneſs the Hereditary Prince of Brunſwick Lunenburgh, was performed in the Great Council Chamber by his Grace the Archbiſhop of Canterbury.

After the Ceremony of the Nuptials, their Serene and Royal Highneſſes remained at St. James's till Nine, and then repaired to Leiceſter Houſe, where a grand ſupper was prepared; at which were preſent their Majeſties, the Princeſs Dowager, Princeſs William and Henry, and the Reſt of the Royal Family. Their Majeſties went away about XII.

Jan. 17. Their Serene and Royal Highneſſes the Prince and Princeſs of Brunſwick received the Compliments of the Nobility and Gentry at Saville-Houſe, Leiceſter Fields, on account of their Nuptials; where they reſide during their Stay in England. The Servants remain at Somerſet Houſe.

At Night there was a grand Ball at St. James's, on Account of the happy Marriage.

LONDON, *January* 19. In the Evening the Hereditary Prince of Brunſwick paid a Viſit to the Royal Society, of which he had been elected a Member.

His Serene Highneſs, during his Stay, alſo viſited the Britiſh Muſeum, St. Paul's, the Tower, Weſtminſter Abbey, &c. &c. and the Duke of Cumberland, Mr. Pitt, the Duke of Newcaſtle, and many Others of the Nobility and Gentry, being generally attended by the Marquis of Granby.

Mr. Wilkes's Friends have received Letters from him by Yeſterday's Mail, acquainting them, that he was confined to his Room, and incapable of ſetting out on his Return before the 13th Inſtant, as he intended; and that he has ſent over a Certificate of his ill State of Health in a Letter to a Perſon of Diſtinction.

We hear ſome Memorials of great Conſequence, tending to clear up certain myſterious Affairs heretofore tranſacted in America, are now preparing for the Preſs, and will ſpeedily be publiſhed at the Deſire of a great Man lately returned from that Part of the World.

Jan. 21. The Crowd was ſo great at the Opera-houſe, to ſee the Hereditary Prince, that the Coaches of the Quality could not come near the Door, which obliged the Ladies to get out and walk to the Houſe. Four Parts in Five of the Number of genteel Perſons were obliged to go back again, after being in the moſt imminent Danger of being cruſhed to Death. During the Time of the Crowd, there were Quarrels and Swords drawn by the Gentlemen, who endeavoured to get up; the Shrieks of the Ladies were very pitiful; a great many Caps, Ruffles, Handkerchiefs, Ear-Rings, Aprons and Cloaks, were loſt, and great Numbers of People carried away.

An Expreſs was Yeſterday diſpatched to Paris, to acquaint Mr. Wilkes with his Fate.

Yeſterday appeared in the Daily Advertiſer the following Advertiſement: "All Perſons who have any Claims or Demands on John Wilkes, Eſq; of Great George-Street, Weſtminſter, are deſired to ſend their Accounts (ſealed up) to Mr. Heaton Wilkes in St. John's-Square, Clerkenwell."

Mr. Wilkes's Phyſician and Surgeon declare, that he did acquaint them with his Deſign of going to France; that ſaid he was only going to the Country for a few Days, and he would take with him Four or Five Dreſſings for his Head; that at the Time he ſet out, his Wound did by no means permit him to take a Journey to Paris; but that had ſtaid in England, he would probably have been able to attend the Houſe of Commons on the Day appointed for his Appearance there.

It is ſaid that the King made her Royal Highneſs a Preſent of a Diamond Necklace worth 30,000 l. the Queen, of a Gold Watch of exquiſite Workmanſhip, ſet with Diamonds, the Princeſs Dowager of a rich Diamond Stomacher; the Princeſs Amelia of a Cabinet of Jewels worth 80,000 l. and the Duke of Cumberland, of a Set of Jewels for the Hair worth 10,000 l. Value.]

A prodigious Storm of Wind did irreparable Damage on the Eaſt Coaſt; and the Riſe of the Waters in moſt of the conſiderable Rivers, was no leſs ruinous in the inland Parts. Abundance of Ships have been driven aſhore and wrecked. Such never were known before in one Seaſon; the Inſurers muſt be Sufferers to the Amount of vaſt Sums, and many Merchants and Owners of Ships in various Nations are proportionably undone by the Hand of Providence.

In England, Part of the Banks of the River between Tadcaſter and Rawcliff, in Yorkſhire, are broken down, and the adjacent Country overflowed. The River Ouſe broke its Banks; and overflowed the Country from Selby to Barlby, to an almoſt incredible Height. Yarm has undergone the ſame Inundation, and the Current has demoliſhed every Stone Wall that Stood in its Way. The Country adjoining the River Hull is under Water for many Miles, and a moſt melancholy Proſpect cannot be deſcribed. In the Neighbourhood of Spalding a Hare was taken upon a Sheep's Back, on the firſt riſe of the Inundation in that Neighbourhood. The River Stockferry ſo over-topt its Banks, that it became a perfect Caſcade, roaring Night and Day. In Ely ſeveral Thouſand Acres are overflowed, and in Norfolk the Nare has done the ſame. The North Stone Bridge at Oundle is broke in three Places; and the great Bridge at Tarnpaford blown up. The famous Ruin at Godſtow is blown down. Thorney Bank is broken down, and more than 20,000 Acres of Land laid under Water between Wiſbich and Peterborough. The noted Stone Mill, formerly a Priſon, at Yaxley, is blown down. By the Waters being ſo long out, the Church at Newbury has ſunk two Feet deep. The Thames has overflowed its Banks, ſo that the Weſt Country Barges can bring no Meal or Malt to London. The Inundations have been ſo general in England, that Room is wanting to enumerate the Damages done by them, nor have they been leſs general or leſs fatal abroad. At Hamburgh the Elbe roſe 11 Feet above high Water Mark. Great Part of Gueldерland, Overyſſel, Cleves, the diſtrict of Berawe, and almoſt all South Holland, is overflowed. Fourteen Mills on the Rhine have all been carried away by the Floods. The Villages of Moes and Zell are laid under Water, and the Cattle and Corn, and the Fruits of the Earth loſt. The Damage done at Frankfort, by the Waters, is computed at 40,000 l. 72 Villages in the Neighbourhood of Munſter are overflowed, and it is ſaid 12,000 Souls have periſhed.

During the Violence of the Storm, a Fire broke out at Hyde-Park Corner, but was happily extinguiſhed with leſs Damage than could have been expected.

A Gentleman gave on Monday laſt, at the Star and Garter in Pall-mall, 100 Guineas, to receive 2 l. a Day till Mr. Wilkes's public Arrival in England.

We are informed, that a noble Earl ſent Mr. Wilkes a Thouſand Pound Bank Note the Evening before his Departure for France.

Extract of a Letter received on Monday by Mr. Wilkes of Clerkenwell from his Brother.

Paris, Hotel de Saxe, January 15. 1764.

"*I am too ill at preſent to be ſure of any fixed Time for my Return, and I had better keep my Room, (as I am forced to do) here, than on the Road to Calais, which would be the inſallible Conſequence of my ſetting out.*

"*I wrote to the Speaker laſt Poſt, and incloſed, I believe, an unexceptionable Certificate of my ill State of Health. My eager Deſire is to return to my native Country, to vindicate myſelf from a------Charge brought againſt me.*"

We hear that as ſoon as Mr. Wilkes lands in England, he will be taken into Cuſtody of the Gentleman Uſher of the Black Rod, for a Breach of Privilege of the Houſe of Peers in affixing the Name of a learned Prelate to a blaſphemous Performance, intitled, An Eſſay on Woman.

Feb. 6. The Lapwing, Griffiin, from Eaſt-India, is arrived at Falmouth Expreſs, and brings Advice that one of the Nabobs had attacked Patna, near Calcutta, where the Engliſh had a Factory, in which the following Gentlemen were killed:

Meſſrs. Amyatt, Hay, Wollaſton, Goring, Hutchinſon, and Guſſon.

Mr. Jones and Dr. Crook are ſuppoſed alſo to be among the Slain.

Mr. Amplet is taken Priſoner, and ſuppoſed to be murdered.

Governor Ellis, with 150 Europeans, are taken Priſoners, and alſo ſuppoſed to be murdered. Caſſumbuzar is likewiſe taken.

Theſe are all the Particulars we can learn at preſent.

Feb. 7. We are told, that ſome Engliſh Troops had entered Dacca (for what Reaſon we cannot learn) when the Nabob fled from his Palace, which the Engliſh entered, and began to plunder; Information of which being ſent to the Nabob, he took an Opportunity of falling upon them with his Forces, and entirely routed them, cutting moſt of them to Pieces, and being flushed with Succeſs, he attacked two of the Company's Factories and took them.

It is reported, that General Lawrence has ſtopped all the Forces from coming to England, and had ſent for General Draper's from Manilla, in order to draw the Forces in a Body.

It is ſaid by ſome, that the Dutch were no ways concerned, but only the Nabob's Troops, who were defending their Country.

It is ſaid there are many more Perſons killed in the Eaſt-Indies, than have yet appeared in the Papers.

It is expected that the next Advices from thence will bring an Account of the Loſs of Calcutta, if not Bengal.

This melancholy Breach is ſaid to be chiefly owing to the Covetouſneſs of ſome of our Great Men there, many of whom have loſt their Lives on the Account.

It is ſaid, the only Reſource the Engliſh have now left is to ſupport the Nabob they before depoſed, in order to oppoſe the preſent one.

All the Expreſſes that were diſpatched on Saturday laſt for Holland on the above Account, are detained at Harwich, having miſſed the Packet-Boat.

Caſſumbuzar, ſaid to be taken from us in the Eaſt Indies, is an Iſland in the River Hughly, on which are Cutway Fort and Town, and which was taken in the Year 1757 by the Admirals Watſon and Pocock, and Colonel Clive. It before that belonged to the French, and was then governed by M. Law. At that Time the Nabob, Suraja Dowla, was in the French Intereſt; over whoſe Army, conſiſting of 20,000 Men, Lord Clive gained a compleat Victory, and made an amazing Booty. After this, Jaffier Ally Cawn was raiſed to the Nabob of that Province, at the Inſtance of the Engliſh; on which he agreed, that all the Country before belonging to the French ſhould be the Property of the Engliſh, and the French never be permitted to ſettle there, which has ſince been ratified by the Treaty of Peace. Since the above Affair happened, our good Friends the Dutch made ſome Claims, and three Indiamen came to Blows with them, for their refuſing to deliver up 5 or 6 Engliſh Veſſels they had ſeized in the above River, which has cauſed ſeveral Memorials to paſs between our Court and the Dutch; but what was the Iſſue, the Public knoweth not.—However there are People who think Jaffier Ally Cawn is at length become Dutch.

Near Patna (the other Place taken higher up the River) on Jan. 15, 1761, the Mogul's Troops, ſaid to have conſiſted of 80,000 Men headed by Shah Zadda, and ſupported by a ſmall Number of French Troops under M. Law, where totally defeated, by Major John Carnach, at the Head of 500 Europeans, 2500 Seapoys, and 20,000 black Troops, with 12 Pieces of Cannon. M. Law and moſt of the French were taken Priſoners.

It is ſaid that a Perſon, who lately was an eminent Merchant of this City, was concerned in procuring a Ship to be fraudulently loſt, on which Account he has abſconded, and diligent Search is making after him, in order to bring him to Juſtice.

Feb. 7. It is ſaid, a Squadron of ſmall Ships of War will ſoon be ſent out to cruize in the Mediterranean.

Feb. 9. The Trial of John Wilkes, Eſq; as the ſuppoſed Author of N°. 45 of the North Briton, will come on next Tueſday in the Court of King's Bench, Weſtminſter.

Feb. 11. By the Dutch Mails we have the agreeable News, that the Prince and Princeſs of Brunſwick arrived happily at Helvoetſluys on Thurſday the 2d Inſtant, after having been four Days at Sea, which, during the whole Time, was very Tempeſtuous.

Letters received in Holland from Barbary bring Advice, that the Algerines had concluded a Peace with the French.

Laſt Night the Jury for Mr. Wilkes's Trial, which comes on next Tueſday, was ſtruck before the Maſter of the Crown Office.

The Lords Commiſſioners for Trade and Plantations, have granted to Sieur J. H. C. de Stumpel, ſome Thouſand Acres of Land on the River St. Juan, in Acadia, in Nova Scotia, to ſettle, with four Thouſand Families, the ſaid Land.

Extract of a Letter from John Curling, junr. on board the Elizabeth, Capt. Maclaughlin, from Maryland.

"On the 6th of January 1764, we had the Misfortune to loſe our Rudder, and the Ship lay at the Mercy of the Sea; have now made ſhift to make a kind of One, but am afraid it will be a long Time before we can get her home. We are in Latitude 42 N. and Longitude 34 from London, and ſhall make for the firſt Port in Great Britain or elſewhere."

The Lords of the Admiralty have appointed the following Lieutenants to hold themſelves in Readineſs to go and take the Command of Schooners in North America, viz. the Chaleur, Thomas Laughlan; Gaſpe, Thomas Allen; Magellan, Robert Dugdale; Hope, ——— Chandler; St. John, Thomas Hill; and St. Lautence, Ralph Dundaſs.

We can aſſure the Public, that laſt Night a Bill of Indictment, for no leſs an Offence than wilful

and corrupt Perjury, was found by the Grand Jury for the County of Middlesex, against a Person of some Consequence in Law and Politics, for a Testimony given in Behalf of a Defendant, in a late popular Trial at Westminster Hall.

Liverpool, Jan. 6. Last Friday Night the Brig Hannah, Capt. Cawson, of this Place, from Virginia, was drove on the Banks near Crosby Point, in Sight of that Town (having lost Part of her Rudder the Night before in a hard Gale of Wind.) She immediately went to Pieces, and every Soul perished except the Chief Mate, Robert Cawson (the Captain's Son) and one Boy, who saved themselves by sticking to Part of the Hull: There were 14 Hands on board, two of whom took to their Long-Boat, but it immediately overset; the Captain and Six of the Crew are since found. The Vessel had on board between 3 and 400 Hogsheads of Tobacco, of which there are about 150 Hogsheads saved, mostly spoiled.

Liverpool, Feb. 4. On Sunday last, a Box containing 460 Dollars, was found upon the Banks, near Crosby-point, by three Men, who with unparallelled Honesty brought it entire, tho' open'd, to one of the Officers of the Customs in this Town. The above appears to have been lost out of the Hannah, Capt. Cawson, from Virginia, wreck'd upon the said Banks about a Month ago.

NEW-YORK, *April* 2.

Extract of a Letter from a Gentleman in London, to his Friend here, dated February 7, 1764.

"*There is nothing new that is agreeable; but we have every Thing to fear that may hurt our Purses in the Line of Colonies. You'll soon have a Parcel of Marmadonian Ravens, who will feed upon and rip up your very Vitals, such as Officers of Stamp Duties, Appraisers of Lands, Houses, Furniture, &c. The Ministry are determined to make you pay for the Peace which you like so well; the People here find so much fault with it, that they are fearful to load them with any more Taxes.*

"*What is most unlucky for us, is, there is one Mr. Hussie, who understands America very well, and has lately got a Seat in the House of Commons; but instead of standing an Advocate for his injured Country (for he is an American born, and educated in Boston) he has officiously proposed in the House of Commons, to lay a Tax on the Colonies, which will amount to £. 500,000 per Ann. Sterling, which he says they are well able to pay; and he was heard by the House with great Joy and Attention.*

"*There is a prodigious Stride made by the West-India Planters, to prohibit us trading to any of the foreign Islands; and how far they may succeed, we don't know, though it must be the utter Ruin of the little Trade we have left.*

"*There is a Gentleman, who is a Member of Parliament, and Agent for Connecticut and Pennsylvania, by the Recommendation of Mr. Ingersol and Mr. Franklin, that has great Weight with all the Ministry, and whose Honesty will prompt him to stand in our Interest: He has often been to the Board of Trade, and has succeeded so well, as to gain them over to our Interest, and the Lords of Trade will have great Influence over the House.*"

Thursday the Juno Frigate, Capt. O'Brian, arrived here from Portsmouth, in 5 Weeks and 4 Days, with 138 Chests of Silver, for the Pay of his Majesty's Forces in North America.

PHILADELPHIA, *April* 5.

Since our last we received what follows from Carlisle, viz.

"*The Distresses of the Back Inhabitants are greater than can well be conceived. Two Hundred Miles of an extended Frontier are so exposed to the Incursions of Indians, that no Man can go to Sleep within 10 or 15 Miles of the Borders, without being in Danger of having his House burnt, and himself and Family scalped, or led into Captivity, before the next Morning. No Man can tell where the Indians will strike the next Blow, when they have begun their Murders and Devastations. On the 20th of last Month Agnes Davidson, and her Child, of an Year old; Andrew Sims, 14 Years old; Margaret Stephens, 12 Years old; and Joseph Mitchell, 3 Years old, were made Prisoners. Seven Houses were burnt down on the 21st, and a great Number of Horses, Cows, Sheep and Hogs were killed. On the 22d a Barn was burnt in the Path Valley, a Horse was killed, and two taken away; about twelve Indians carried off the Captives, and seven or eight tarried behind, and did considerable Damage. The Captains Piper and Brady, with their Companies, did all that lay in their Power to protect the Inhabitants; and Lieutenant Chambers, and Ensign Asby, pursued the Indians, to rescue the Prisoners, but without Success. Some Indians are suspected to be still Lurking about Shippensburgh, which seems the more probable, as Samuel Rippy's Barn, in the Town, was set on Fire, and believed to be done by these Enemies. These fresh Troubles greatly discourage the poor People, who intended to return early in the Spring to their deserted Habitations.*"

The following Paragraph of a Letter from a Gentleman in Carlisle, to his Friend in this City, may serve to give us some Idea of their Distresses, which bears Date March 26, 1764.

"Many of the Inhabitants of the Path and Shearman's Valleys, were purposing to adventure home, but this Affair has quite disconcerted their Measures, and the People along the North Mountain are moving further in, especially about Shippensburgh, which is crowded with the Families of that Neighbourhood. Our Country has the Appearance of nothing but Confusion and Distress, which I fear will increase. What shall so many Families do, who have spent the Winter with us, chiefly supported by the Contributors of Philadelphia, in Hopes of returning to their Settlements in the Spring? Many of them have been forced to sell what few Cattle they saved, to support their Families; and others who, in the Fall, would not apply for a Share in the public Contributions, are obliged by want to apply now, when our Funds are almost spent. The above seven Families got nothing saved but their wearing Cloaths, so sudden was the Alarm; one poor Woman delivered of a Child, was obliged to remove in about two Hours Time after. Sir, I have but a melancholy Time of it, amidst such Calamity and Woes; I pray God may in Mercy shorten these Days of Misery."

VESSELS LOST.

Tuesday Evening a young Lady, who, when at Age, will have a Fortune of upwards of Twenty Thousand Pounds, eloped with a Clergyman. She went from her Guardian a about four o'Clock, in order to go to the Play; but it is thought they went away directly for Scotland, her Guardian receiving a Letter from her the next Morning, in which were these Words: *Love has the Wings of a Dove, and I shall be got too far to be overtaken.*

Dec. 29. By a Letter from Dublin, dated the 20th Inst. we are informed, that the House of Commons of Ireland have voted an humble Address to his Majesty, condemning the North Briton, No. 45; and approving of the Peace, as honourable, advantageous, and adequate.

Jan. 3. The Louisa of and from St. Maloes for Africa, of 300 Tons, who had been 1500 Leagues to the Westward of Plymouth, was, by contrary Winds, forced back to that Place, and on Monday Night was drove on shore a little to the Westward of Plymouth Harbour; both the Ship and Cargo are entirely lost, and only five of the Crew are saved.

Jan. 14. Above 400,000l. has been remitted the last Year into France, to support our People of Distinction, who have resided there.

The only authentic Account which has appeared of the late Affair in the East-Indies, is as follows; it seems to have come from the East-India Company.

"The Intelligence lately received from the East-Indies, of Disturbances in the Province of Bengal, and the Causes of them, being variously related and misrepresented, we are sorry to acquaint our Readers, that we have good Authority to say, those Disturbances have risen chiefly, if not wholly, from the very unjustifiable Conduct of some of the Company's Servants, whose constant Abuses of the Company's Authority, to their own private Emolument, and to the Prejudice of the just Rights of the Country Government, which neither the prudent Remonstrances, nor the disinterested Example of the Governor [Mr. Vansittart, Brother to Miss Vansittart, Maid of Honour to the Princess of Wales] were able to restrain, having provoked the Nabob to some violent Measures on his part, have at length, as was perhaps at first intended, produced an open Rupture.

"On the 23d of June, Mr. Ellis, the Chief of the Company's Factory at Patna, thought fit to put himself at the Head of a considerable Body of the Company's Troops, and, upon what Provocation does not appear, to attack the City, which was carried with great Slaughter of the Inhabitants, and given up to Plunder. The [Indian] Governor of Patna] making his Escape, joined a Party of the Nabob's Forces, who were marching to his Relief, and hearing of the Disorder into which the English in the Town were fallen, attacked, and entered it Sword in Hand, sparing none who were found in Arms. Ellis, with 3 or 400 Men, Europeans and Seapoys, escaped, and crossed the River.—The very Day this Misfortune happened, Mr. Amyat, who had been deputed from the Council at Calcutta to treat with the Nabob, and to dispose him to comply with the Demands they had thought fit to make on him, and who had attended the Nabob at Mongeer for that Purpose, accompanied with several other Gentlemen of the Factory, not succeeding in the Business of his Embassy, took his Leave of the Nabob, having received the necessary Passports to return to Calcutta, and set out in Boats with his Party, consisting of Messrs. Amphlett, Wollaston, Crooke, and Hutchinson, and the Lieutenants Jones, Gordon, and Cooper, with two Companies of Seapoys, and Twenty European Horsemen. Soon after their Departure, News arriving at Mongeer of what had passed at Patna, this unfortunate Party were followed by some of the Nabob's Troops, and, as is supposed, by his Orders; they were overtaken on the 3d of July near Muxadavad, and it is feared all, but Mr. Amphlett, who was carried bound to the Nabob, were cut to Pieces.

"Upon Advice of these Incidents at Calcutta, the Council took upon them to set up Meer Jaffir, the Nabob formerly deposed, [the same who gave Lord Clive his great Fortune] the Company's whole Force was ordered to take the Field, under the Command of Major Adams, who was advanced as far as Cutwa, when the last Advices left him, and there was little doubt of his Success. It is hoped therefore, that long before now these Commotions have subsided, and that the Tranquility of the Country is re-established."

A Repeating Watch, in a Ring, is making for his Majesty, by Mr. Arnold, in Devereux Court, Temple-Bar. This curious Piece of Mechanism is less in Circumference than a Silver Two pence; it repeats the Hours, Quarters, and Half-quarters, and runs upon Diamonds; the horizontal Wheel and Pinions are equal in Weight only to the 16th Part of a Grain of Gold, and the Pendulum and Spring equal in Weight only to the 200th Part of a Grain.

January 14. Yesterday a Bill of Indictment, for a pretended Theft of Papers belonging to Mr. Wilkes, was preferred to the Grand Jury for the County of Middlesex, by Mr. Wilkes's Friends, against Mr. Curry, one of the Witnesses to prove the Publication of the Essay on Woman, which the House of Lords has declared to be a wicked and blasphemous Libel; and the Republication of the North Briton, which both Houses of Parliament have declared to be a seditious Libel, aspersing every Branch of the Legislature, and tending to raise traiterous Insurrections against his Majesty's Government; but the Grand Jury, consisting of Gentlemen of Rank and Character, returned the said Bill *ignoramus*.

The Charming Kitty Schooner, William Connolly, Master, from St. Kitt's to Senegal, was taken by a Xebeque of Sallee, off the Western Isles, on the 24th of July last, under pretence that Capt. Connolly had no Mediterrean Pass, which, as the Vessel was only on the Trade from the West-Indies to Guiney, was needless, since those Ships do not come near the Straits. The Master of the Xebeque beat him cruelly, to force him to confess himself a Portuguese; and afterwards he was forced by Threats of Death, to sign a Certificate that the Sallerine had taken nothing from them, though the Vessel had then been plundered of every Thing of Value. On the 28th of August at Noon they came to an Anchor at Barbary, where they were again rifled. On the 2d of Sept. the Captain was taken out of his Bed, where he had been confined by Sickness some Weeks, and he and his Crew sent naked on Shore to an old Castle, and thence carried to Saffee; where the young Prince, being assured they were English, suffered them to go to the Houses of the Dutch and Danish Merchants, where they were well used, and from whence Mr. Conolly wrote a very long Account to Mr. Popham, our Consul General at Tetuan; but he died the 23d of Sept. at Saffee, from the cruel Treatment he had received.

Jan. 17. Saturday was tried, by the Commissioners of the Court of Requests (commonly called the Court of Conscience) at Guildhall, a Cause betwixt a Citizen of London, and the Master of a Circulating Library, who was summoned for selling a spurious Pamphlet, called, An Essay on Woman, for that said to be printed by Mr. Wilkes; when after a very short Hearing, the Pamphleteer was ordered to return the Purchase-money, and pay all Costs; and was severely reprimanded for being concerned in so mean a Scheme.

Newcastle, Jan. 28. A few Days since a Gentleman of this Town, having a Suspicion that some of the Copies of an Essay lately published, which is a Scandal to Humanity, were in the Hands of some of the Booksellers here, went to each of them to enquire for a Copy; and finding a few in the Possession of only one of them, he, after getting all he had, paid for them, and instantly burnt them in the Shop, telling him, he hoped such a Scandal to the Press would never again be in his Possession.

BOSTON, *April* 2.

Extract of a Letter from a Gentleman in London, dated, February 10, 1764.

——"A Change in the Ministry is expected, when 'tis said, Mr. Pitt, Mr. Legge, the Duke of Devonshire, Charles Townsend, Sir William Meridith, and Sir George Sackville, are to succeed George Grenville, Lord Egmont, the Duke of Bedford, Lord Sandwich, and Lord Hillsborough."——

A large Catt of 300 Tons, a Transport from America with Troops, was lost on the Welch Hook on the English Coast, and every Soul perished.—Upwards of 30 Sail of Vessels have been lost on the same Coast and all the Crews perished.

NEW-YORK, *April* 9.

We can acquaint our Readers, from undeniable Authority, with some more Particulars respecting the Indian War.

Capt. Bull, with his Party of 13 Men, was escorted from the German Flats, by a Guard of Provincials. Bull's Second remains wounded at Aughquags, under the Care of the Indians there, to whom Sir William Johnson has given five Prisoners, on Account of their good Behaviour: He has also distributed the rest amongst the Friendly Nations; putting them in the Places of their deceased Relations, which is an Indian Custom they always expect will be followed.

Capt. Bull, with his Party, resided at Kanestio; the Indians of which Village have been all along in Arms. He made large Offers of delivering up many English Prisoners, on his being at Liberty.

Sir William Johnson, since the Prisoners were brought to him, has received Advice of the Success of a Party of ten Friend Indians, falling in with a Party of nine Delawares last Month, on the Frontiers of Pennsylvania, directing their Course against some Settlements, and singing their WAR SONGS; upon which the Friend Indians attacked them, killed the Head of the Party, and took three Prisoners, who (with the Scalps) were hourly expected at Sir William's. This is a lucky Circumstance; the Indians being once engaged in Blood, must carry on the War with great Alacrity, as the rest will never forgive them, nor will they probably stop till they have destroyed them troublesome People, who have annoyed all the northern
